

Journées de Rencontres Jeunes Chercheurs 2015

November 15th-21st 2015, La Saulaie, 37310 Chédigny

First notice

Registration open until September 20th 2015

The “Field and Particles” & “Nuclear” divisions of the French Physics Society (SFP) jointly organize the biennial Journées de Rencontres Jeunes Chercheurs (JRJC) conference, to be held at Chédigny, from November 15th until November 21st. The 2015 edition is supported by the CEA, IN2P3, and FRIF (Fédération de Recherche Interactions Fondamentales) research organizations and has been labeled “Ecole thématique du CNRS”

This conference aims at gathering young researchers who are in their second or third year of PhD thesis, although first year PhD students as well as young post-doc researchers are welcome to participate. This conference is a very good opportunity for the participants to share their research work and get an overview of the latest research developments achieved in his/her field, within a nice and laid-back environment.

Research topics covered by the JRJC 2015 conference are the following: astroparticle physics, nuclear astrophysics, physics beyond standard model, cosmology, nuclear energy, instrumentation, nuclear medicine, electroweak standard model, neutrino physics, hadron physics, flavor physics, nuclear structure. Presentations could either be given in english or french.

The conference social program foresees an half-day trip in the nearby area, as well as one or two public seminars.

If you intend to participate to the JRJC 2015 conference, please fill in the electronic registration form available at:

<http://indico.in2p3.fr/e/jrjc2015>

Please register as soon as possible, registrations are open until September 20th !

If you encounter any problems while registering, please send a copy of the registration form via e-mail or fax to the conference secretary office. Don't hesitate to contact the secretary office or any members of the organization committee to get further information or assistance.
