

Journées de Rencontres Jeunes Chercheurs 2015

November 15th-21st 2015, La Saulaie, 37310 Chédigny

Third and last notice

Registration closed

You will be soon attending the “Journées de Rencontres Jeunes Chercheurs 2015” conference which will be held at Chédigny starting November 15th up to November 21st. This last notice gives you the final details about the conference organization. Should you have any questions, please contact the organizing committee and/or the conference secretary.

Travel details:

A bus shuttle will be waiting for you at the “Saint Pierre des Corps” train station on Sunday night, November 15th. It will depart around 6 pm and bring you to the conference location at “La Saulaie” holiday resort. Two organizers will be present to welcome you and guide you:

- Christophe Ochando - Tél: 06 88 37 07 84
- Claudio Giganti - Tél: 06 52 42 62 98

As concerns people going to the conference by themselves, below are the necessary information about “La Saulaie” resort location:

La Saulaie
RD 31
37310 Chédigny
Tél: 02 47 92 51 46
Mail: lasaulaie@nordnet.fr
GPS coordinates: latitude: 47.236511N - longitude: 1.021342E

A bus shuttle will be available as well to bring people back at the “Saint Pierre des Corps” train station on Saturday morning, November 21st. It will leave at 10:30 am. The bus ride between “La Saulaie” and “Saint Pierre des Corps” train station is expected to be 45 min.

We request you to attend the whole conference, out of respect for those who will give their presentation on the first or last days. **If you cannot do so, and if you will arrive on a particular day, please immediately contact the conference organizers if not**

already done.

Scientific program:

Every participant will give a 20-minute presentation about her/his research work, followed by 5 to 10 minutes of questions. The JRJC's atmosphere and ambiance is relaxed and laid-back. Nobody is present to judge or criticize your work! The conference aims at pushing you to prepare a first summary of your thesis work, and to highlight some of the current hot topics in your field of research.

Presentations covering a broad range of topics will be given at this conference. **We then ask you to make a big pedagogical effort when preparing your presentation, so that everybody can understand what you will be talking about. Please, avoid any technical jargon, and spend at least a third of your presentation for introducing your research topic.** Presentations are mostly given in French. Transparencies can be either prepared in French or English.

A projector connected to a local computer will be available. Please make sure to prepare your presentation in a readable format, such as ppt or pdf.

After the conference, you will be asked to prepare a 4 page proceeding. The submission deadline will be around end of February 2016. All the proceedings will be compiled in a journal that will be sent to you and your laboratory's libraries.

In order to introduce to the other participants the many different topics that will be covered during the conference, session conveners will soon contact you to ask you about what you intend to present. **Please make sure to prepare a presentation title and an abstract as soon as possible. When ready, please post them on your online registration form at:**

<https://indico.in2p3.fr/event/11794/>

The list of the conveners for the different sessions is displayed below:

- Astroparticles: Antje Putze (LAPP)
- Standard model: Nicolas Morange
- Beyond standard model: Samuel Calvet (LPC)
- Hadronic physics/ Heavy ions/ Heavy flavors : Antonio Uras (IPNL)
- Neutrinos: Alberto Remoto (LAPP)
- Instrumentation: Christophe Ochoaño (LLR)

Social program:

Different social events will be organized throughout the week. A visit of Chenonceau castle will be organized on Wednesday afternoon, followed by a wine tasting session. Details about Chenonceau castle visit will be provided later. On Wednesday night is organized a gala reception. Finally, Laurent Bopp (from the laboratory for climate and environmental sciences at Saclay) will give a public seminar on global warming and climate change on Friday night.

Reminder about conference fees payment:

Conference fees amounts to 350 euros per person. It includes registration fees as well as full board accommodation fees. Transportation fares will be covered by each participant's research laboratory, excepting those concerning the arrival (November 15th at night) and departure shuttles (November 21st before noon).

Please check if your PhD thesis is funded by CNRS. If so, you will be exempted of any conference fees. Please also check with your laboratory how you will proceed for the payment of the conference fees. Payment can be done the following ways:

- **by check:** payable to "SFP - Division Particules et Champs (JRJC 2015)", to be sent to the secretary office of the JRJC 2015 conference

- **par wire transfer** on the "SFP - Division Particules et Champs" bank account

□ Domiciliation : CREDITCOOP PARIS ALESIA

Code banque : 42559 Code guichet : 00005

N° de compte : 41020038137 Clé RIB: 91□

IBAN : FR76 4255 9000 0541 0200 3813 791

CODE BIC : CCOPFRPPXXX

Please be sure to clearly label your wire transfer with your name, your laboratory name and most importantly the conference name "JRJC 2015. **Please advise the JRJC 2015 secretary office that you wish to proceed to the payment this way, so that we can keep record of your payment.**

- **by purchase order** payable to SFP, and labelled to

"SFP, Division Particules et Champs (JRJC 2015),

SIRET : 784 544 850 000 18"□

This is to be sent to the JRJC 2015 secretary office. You will then receive an invoice very shortly.

NB : participants who already proceeded to the fees payment before arriving at the conference site are recommended to bring a voucher copy of their payment (especially those who chose to pay via purchase order).
